

3 ARE INJURED IN ACCIDENTS; \$1,000 DAMAGE

Three persons were injured in two auto accidents in the county.

Two were hurt in a collision between a station wagon, a sedan and a truck at the southern edge of Abbottstown Wednesday night. The other was injured at 1 o'clock this morning when his car struck a pole in McSherrystown.

Hurt Wednesday evening at 5:15 o'clock were Edward A. Hughes, 23, of W. King St., East Berlin, who suffered a laceration above the knee, lacerations of the right chest and lower eye, and Richard Yingling, 21, of 1308 Broadway, Hanover, who was treated by Dr. George E. Thomasy, Hanover, for lacerations of the lower left leg and a sprained right shoulder. Hughes was admitted as a patient at the Hanover Hospital. Both were removed from the scene of the accident to Hanover in the East Berlin ambulance.

POLICE REPORT

State police said Hughes was driving north on the Hanover-Abbottstown Rd. when his sedan swerved across the road into a south bound truck operated by Bernard W. Carbaugh Jr., 22, of 216 Carlisle St., Hanover, and owned by the Noel's Potato Chip Company of Hanover. Yingling was a passenger in the truck.

Police said Carl S. Getting, 42, of 665 W. Middle St., Hanover, driving a station wagon owned by Morrison Vending Co., Hanover, and also headed south, was unable to stop quickly enough when the car and truck collided ahead of him and his vehicle struck the rear of the truck.

Damage was estimated at \$200 to Hughes' sedan, \$350 to the truck and \$450 to the station wagon.

David E. Smith, 20, of 433½ High St., Hanover, suffered bruises of the face, nose and mouth this morning at 1 o'clock when he fell asleep as his car entered Ridge Ave., McSherrystown, from Oxford Rd. McSherrystown Police Chief Mannard Maserem removed Smith to the Hanover Hospital for treatment of his injuries. The officer quoted Smith as saying he was driving south when he fell asleep and his car went off the east side of the highway and struck a telephone pole. The auto was demolished.

Banned Drug Not Found Here

The Gettysburg Times survey of physicians in Adams County indicated that there was no knowledge of any supply of thalidomide drugs in the area. Doctors questioned had never had seen any of them.

Earlier Fred L. Lofsvold, director of the Philadelphia office of the federal Food and Drug Administration, said that 133 doctors in Pennsylvania had received some supply of thalidomide drugs from manufacturers and that 110 of these were in the Philadelphia area. The remaining 23 were in communities as far west as Altoona.

Lofsvold said that the pattern showed that only a small percentage of doctors gave the drug to women of childbearing age and only a few of these were pregnant or became pregnant. All the cases of pregnancy went to term and were delivered, he said, and the FDA had no knowledge of abnormal births.

Thalidomide has never been marketed commercially in this country. The known cases of deformities in the U.S. have come from the use of the drug brought here from Europe. Some U.S. physicians received the drug for experimental use but in March they were informed to either return or destroy any accumulated supplies in their possession.

Algerian Leaders Accept Pact To Avert Civil War

ALGIERS (AP) — Algeria's two warring political parties achieved a peace pact today with rivals agreeing to accept temporary leadership of a political bureau dominated by left-leaning dissident Deputy Premier Ahmed Ben Bella.

Two rival deputy premiers — Belkacem Krim and Mohammed Boudiaf — agreed to accept the seven-man bureau as the ruling force, in a major concession to avert civil war in this month-old north African nation.

Acceptance of the solution proposed by Ben Bella and his followers was agreed upon at a meeting between Ben Bella's en-

2 TEACHERS ELECTED AT NEW OXFORD

FARM-CITY DAY COMMITTEES ARE SELECTED

Bills for \$31,253.94 were ordered paid at the meeting of the New Oxford Area School Board Wednesday evening with Glenn Haar, president of the board, presiding, and 16 directors and High School Principal Selon Dockey and Supervising Principal Charles Hash also in attendance.

Resignations were accepted from Edward Reitzel, Audrey Muser and Mrs. Carol Manahan. Appointed to the teaching staff were Ronald C. Manahan at \$4,000, and Mrs. Sylvia Hartman at \$4,400.

Bids for janitorial supplies were awarded to low bidder, Louis Weiss, York; for shop supplies to low bidder Hanover Hardware for \$150. Seven firms bid for the extensive list of art supplies, but on mixed items. The directors authorized Dockey and Hash to go over the bids and order items from low bidders.

Supervising Principal Hash reported that the State auditors are examining financial reports and will be in New Oxford for the next few weeks. He requested that secretaries and treasurers of the districts carrying records before the merger turn in their old minute books for examination.

Permit was granted to the county Civil Defense organization to use the old Peter St. School as a fallout shelter.

A bicycle, owned by a son of Charles Kranias, 104 Johns Ave., reported to borough police Tuesday, was found at Spangler's Spring Wednesday afternoon by park rangers.

2 LOCAL MEN ARE STRICKEN

Two Gettysburg men suffered coronary attacks within 24 hours and both are patients in the Warner Hospital.

William Musser, manager of the Gettysburg Building and Supply Company, became ill while talking with a salesmen Tuesday.

He suffered from pains in the chest and his physician ordered him to remain in bed overnight.

The following morning he was improved and called at his physician's office where he again suffered from pains. He was removed to the hospital in the local ambulance.

His condition this morning is improved.

He said the political bureau would remain in power until a meeting of the old Algerian Revolutionary Parliament about a month from now.

His condition today is improved.

RIVERA AWARD IS APPEALED BY JOHN PETERS

John B. Peters, Gardner's R. D. fruitgrower, and the Pennsylvania Threshermen and Farmers Mutual Casualty Co. have appealed to the Adams County court against the decision of the Pennsylvania Workmen's Compensation Board

awarding Julio Rivera, now of New York City, \$1,647.20 in workmen's compensation after the Puerto Rican was injured while working for Peters.

The appeal filed in the prothonotary's office for the the county fruitgrower and his insurance firm by Attorneys Edward B. Bulette of Gettysburg and W. E. Shyler, Harrisburg, alleges among other things that the Workmen's Compensation Board erred in basing the compensation on a year-around-job basis rather than on a seasonal basis.

The Compensation Board's determination found that Rivera's income was \$42.50 per week and, using that as a basis directed that the insurance company pay Rivera \$29 per week from September 16, 1959, to August 11, 1960, a total of \$1,371.29, and then pay \$17.40 per week for "60 per cent disability" from August 12, 1960, to December 1, 1960, or \$275.91.

PARTIAL DISABILITY

The board held that when Rivera went to work for the Art Steel Co., New York, at \$1.15 an hour December 1, 1960, he still had 33½ per cent disability but, since it did not affect his earning capacity, (Continued On Page 2)

WILL HOLD TEA FOR FRESHMAN

St. Joseph College nursing students, residents at Laboure Hall at Providence Hospital in Washington, will sponsor the annual "Get Acquainted Tea" this evening for the 1962 Freshmen from the Washington-Baltimore area. More than 150 persons are expected to attend the informal party planned to introduce new students to the upperclassmen of the Emmitsburg college.

The tea will begin at 7 p.m. and will be attended by St. Joseph College students of the Washington area. Members of the Sister-faculty of St. Joseph College will also be present to greet the members of the new class.

Sister Christine O'Gorman, head of the college's division of nursing, will serve as moderator to the student committee in charge of arrangements. The Junior nursing students assisting Sister Christine are Mary Elizabeth Boissiere, of Arlington, Va.; Christine Ann Carey, Silver Spring, Md.; Maria Drusgal, Baltimore, and Kathleen Smith, Long Island, N. Y.

Damage so far this year totals \$127,766 compared to \$142,430 during the comparable period of 1961.

173 TRAFFIC ARRESTS

Sgt. James' report shows the officers made 173 traffic arrests during July, bringing to 1,125 the number of "tickets" written by the officers in seven months.

A total of 21 criminal complaints were received by the substation and eight arrests on criminal charges followed investigation.

The 36 July accidents in which 13 were hurt and damage totaled \$16,925 compares to this record for July 1961: Thirty accidents in which one person was killed, 16 hurt and damages of \$18,775.

DEATH TOLL DOWN

The death toll has been lighter during this year however. So far six persons have met death in auto accidents in the county, compared to 182 during the same seven months of 1961.

INJURIES UP SLIGHTLY

Injuries are up slightly however. There were 132 hurt in this year's accidents, compared to 126 in the comparable period of last year.

Life Of Convicted Negro Slayer Saved By Governor After High Court Refusal

CHICAGO (AP)—Legal controversy swirled today around Paul Crump, a convicted slayer whose electrocution sentence was commuted on the strength of an unprecedented plea.

Gov. Otto Kerner decided Wednesday that Crump, less than 35 hours away from death in the electric chair for a 1953 murder, should be spared.

The governor, in his clemency message in Springfield, said Crump, 32, "must be accepted as rehabilitated."

9-YEAR FIGHT

Crump, a Negro, in his nine-year fight to escape the electric chair had won 14 stays of execution. The U.S. Supreme Court had three times refused to hear his appeal.

Clemency was the governor's decision alone to make. However, controversy grew over Kerner's statement that Crump should serve "19 years without parole."

Statenous legal experts said the governor has no authority over granting paroles, a matter solely up to the Illinois Parole and Pardon Board.

Under the new Illinois criminal code adopted Jan. 1, the experts pointed out, Crump could apply for parole after serving 20 years in prison.

IT'S THANK GOD

Crump received the news of his escape from the electric chair from Warden Jack Johnson in the jail where the condemned man had spent the last nine years.

"All the credit," Crump said in a voice shaky with emotion, "should go to God for my life. I thank God, Governor Kerner and all the men who had faith

and worked so hard to bring this case to the attention of the governor and the public."

Crump's plea, pressed by his advocates at a hearing of the parole and pardon board Monday, was unprecedented because he no longer denied killing Theodore Zukowski, 44, during a \$20,000 robbery. Five other guards also were beaten in the robbery of a Libby, McNeil & Libby Co. plant on the South Side.

Instead, Crump asked his life be spared because he had changed in prison from a vicious killer to a cooperative, peaceable prisoner.

The town's building permit book showed one house listed for construction during the month with Richard Altemose granted a permit to build a \$13,000 one-and-a-half-story brick house on Barlow St. on July 9. The town also lost one house. Joseph Hardman, Seven Stars, was given permission July 2, to raze the former Roseman at 9 Steinwehr Ave.

Many of the permits were for relatively minor repair work.

MINOR REPAIRS

Nicholas Perchulyn received a permit July 2 for construction of a garage block at 415 S. Washington St. for \$1,000. Albert Cardenti on July 2 obtained a permit to place a flagstone porch, iron grille work, a bay window, etc., at 327 Hanover St. at a cost of \$1,700.

Also on July 2, David Clapsaddle was granted the right to place a six by 16-foot storage room connected with a present building at 26 N. Franklin St., for \$300.

Fred Hubbard on July 5 received a permit to install a picture window at 226 York St. for \$350. On July 3, W. Henry Crumling, Wrightsville, received a permit to place a Gulf sign at the Battlefield Service Station at Baltimore St. and Steinwehr Ave. for \$400.

OTHER PERMITS

Other permits include: July 9, Joseph Feaga, repairs to St. Francis Xavier Convent, W. High St., \$2,000; July 11, Arendtville Planning Mill to place aluminum siding and asbestos siding on two buildings at the corner of South and S. Washington Sts. for \$1,500; July 12, Paul and Jay Woodward, to place a cold process roof on the Hall of Presidents, 739 Baltimore St., for \$270; July 12, Mrs. Theron Backbone, to replace a fire escape

Today's Talk

DISAPPOINTMENT

I wonder if there is anyone who goes through the short space of but one day without being disappointed over something!

What a strange influence disappointment has over us all, too! It takes a very well schooled man or woman to see disappointment coming and not flinch an inch, but face it — and then watch it go by. For, if we would only always be philosophical, it always does go by!

One can arise feeling unusually happy, free in mind and care free. But before the day is well on its way, one can meet up with many pesky little disappointments, like an unexpected drove of insects biting at the healthy lining of one's faith.

Yet, disappointment is always relative in a way. If one is very ill, for instance, great disappointments — to most men — mean little. To get back to a healthy state of body seems the largest task in the world.

But let one be full of life and stored steam tugging away to be released, and even the smallest disappointments irritate and upset.

Over my own life's span I have experienced about every sort and type of disappointment, under all conditions and circumstances; and I place as the greatest of all disappointments that of being disappointed in a friend — one in whom one has placed confidence.

Personal ambitions thwarted, loss of money, and everything associated with these, are trivial when compared to what one loses through trust in friends who have proved themselves unworthy.

Yet even the severest sort of disappointment has its place and use. How rich in soul and character the brave and courageous man, or woman, comes out of a deep and damaging disappointment!

For one thing, I believe that disappointments make us more tolerant and kindly, more considerate for having experienced the inconsiderateness of some one else. And so thus to become more worthy ourselves of the worthy.

Tomorrow Mr. Adams will talk on the subject: "Exhilarated Lives."

death on July 17 of Maurice Rider of Littlestown. Mrs. Rodgers has worked as a clerk in the Wentz furniture store.

Mrs. Aberly Expires: Mrs. Alice Strauss Aberly, 77, wife of Dr. John Aberly retired president of the Gettysburg Lutheran Theological Seminary, died at the Aberly residence, Springs Avenue, on the fifty-third anniversary of her marriage. She went with Dr. Aberly.

Tawney-Wierman: Mrs. Ralph Wierman, York street, has announced the marriage of her daughter, Mary Elizabeth, to Thomas Tawney Jr., West Middle St., on July 1. The couple will reside in Philadelphia, where Mr. Tawney, first pharmacist mate, is stationed at the Naval hospital. He formerly served on the Yorktown, United States aircraft carrier.

146 Days To Christmas: It's a little early but we thought you'd like to know what kind of Christmas cards you'll get this year. The familiar red, white and green will give way to the patriotic red, white and blue, the greeting card industry announced today. Furthermore, fat old Santa Claus will be replaced by skinny Uncle Sam's bearded countenance, and some of the cards, even though Christmas stands for "Peace on Earth and good will toward men," may contain the war-like slogans: "Trap the Jap," "Paste the Paperhanger," and "Muzzle Mussolini."

Rededicate County Church: Marking the completion of an extensive program of repairs and alterations within the sanctuary of St. John's Evangelical and Reformed church at Fairfield, a service of rededication will be held. The Rev. Nevin R. Frantz is pastor. Extensive remodeling of the sanctuary has been accomplished during the current pastorate which began in 1939. Alterations costing about \$800 have been completed without the congregation incurring any debt. St. John's Church of Fairfield is part of the Cashton charge served by the Rev. Mr. Frantz. The other churches of which he is pastor are Trinity Evangelical and Reformed church of Cashton and St. John's of McKnightstown.

Burned Woman Granted Leave: Mrs. Rosalie Raffensperger, now in critical condition in the Warner hospital from burns she received in an explosion in the basement of her home on May 19, was granted an extended leave of absence from her duties as county supervisor at the Adams County Public Assistance office by member of the county assistance board at a special meeting. Her duties will be performed during her absence by Mrs. Verne H. Myers, the assistant supervisor and assistant interviewer of the office staff. Mrs. Pauline Weikert Rodgers, East Middle street, was appointed as a junior visitor to fill the vacancy on the staff caused by the

to India as a missionary of the Lutheran Church in 1890 and served there for 33 years. During that period she compiled text books and devotional manuals in Telugu, the native language used in the mission church. Surviving Mrs. Aberly are her husband and two children: Mrs. Amy Dunkelberger, wife of Dr. Roy M. Dunkelberger, also missionaries to India, who are now in Gettysburg; and Frederick Heyer Aberly, Ashville, N.C., who represents the DuPont Company in North Carolina and adjacent states. One sister also survives.

One can arise feeling unusually happy, free in mind and care free. But before the day is well on its way, one can meet up with many pesky little disappointments, like an unexpected drove of insects biting at the healthy lining of one's faith.

Selma Fischel Dies Suddenly: Miss Selma Fischel, 31 Eckert Apartments, Center Square, died at 3 o'clock Sunday morning in the Warner hospital, where she had been admitted as a patient early Saturday evening. A heart condition caused death after an illness of two weeks. During the first week of her illness Miss Fischel continued her work as a publicist.

Upper Adams Wins Over New Oxford 9-8 in LL Play; Oppose Littlestown Friday

A line single down the right field foul line by Rick Weaver with a man on third in the ninth inning gave Upper Adams a thrilling 9-8 victory over New Oxford in the quarterfinals of the second annual Adams County Little League tournament Wednesday evening in Littlestown.

SCORE EARLY
New Oxford exhibited its tremendous power in the first frame by crossing the plate three times. Steve Topper singled to left with one out and, after "Chuck" Hockensmith popped out, big John Summers blasted a 0-1 pitch over the left field fence, his fourth homer of the tourney. Dan Seig followed with another four-bagger by hitting the first pitch over the center field wall.

Upper Adams hit the scoring column in the bottom of the third to move ahead 4-3 on Rick Weaver and Bill Taylor and singles by Orner and Jim Kunkle and an infield miscue.

From the fourth inning to the sixth the score began to see-saw. New Oxford scored twice in the fourth on the strength of Topper's double to left. Upper Adams tied the score at 5-5 in the bottom half of the fourth on three singles by Ken Guise, Steve Guise and Taylor.

UA LOSES LEAD
After New Oxford tallied in the fifth, Upper Adams appeared to put the game on ice with three runs in the bottom of the fifth, but New Oxford once again came through with excellent clutch hitting in the sixth. Topper got on after being hit by a pitched ball and Hockensmith skied to right. Summers came to the plate and rocketed a 1-1 pitch out of sight over the centerfield fence to knot the count at 8-8 and send the game into the extra frames.

Summers, Seig and Lebo handled the pitching for New Oxford with Seig being charged with the loss. Steve Guise, Rick Weaver and Rick Byers tossed for Upper Adams with Byers receiving the win.

Steve Topper's three hits for four at bats topped the visitors' order, while Don Orner and Rick Weaver each banged out a trio of safeties for Upper Adams.

GAME ON FRIDAY

The loss eliminates New Oxford from the tournament and sends Upper Adams (2-1) into the semifinals against Littlestown (1-1) Friday evening at 6 o'clock on the Littlestown diamond. The winner of Friday's tilt will face Gettysburg Monday evening for the championship.

BLOUGH FEELS TAX CUT MAY AID INDUSTRY

NEW YORK (AP)—Roger M. Blough says a cut in federal income taxes would help sagging steel industry profits by freeing more money to put into plant modernization.

Blough, board chairman of U.S. Steel Corp., the No. 1 producer, also favors a cut in federal spending. He praises Defense Department efforts in this direction.

Ever since major steel companies were talked in an attempt to make a price rise stick in April, Blough has argued strongly for increased investment in steelmaking equipment as an answer to stiffening competition from abroad and new materials at home.

NEWSMEN GET VIEWS

Newsmen drew out his views Tuesday after U.S. Steel reported that April June earnings of \$40.2 million, or 63 cents a share, failed to cover the regular quarterly common stock dividend of 75 cents.

Nevertheless, directors voted to continue the customary payout.

Like other steelmakers, U.S. Steel was hit hard by slumping production after a new industry wide wage settlement at the end of March wiped out a strike threat, and ended heavy stockpiling by major users.

In recent weeks, output has risen but remains at about one-half of industry capacity.

OUTPUT IS LOW

Blough said July-September operations probably would fall behind the second quarter but he foresees significant improvement in the last three months of the year if the nation's economy holds an even keel.

U.S. Steel's second-quarter profits compared with \$55.8 million or 91 cents a share, cleared in the first quarter this year and with \$59 million, or 98 cents a share, earned in the second quarter of 1961.

For the first six months, earnings amounted to \$96 million as against \$91 million in the first half of 1961.

Service to the
community

A colleague of ours tells this one. On Saturdays he sells dimes (10c each). Seems the neighborhood movie is next door. The kids stop in before the show for dimes—for the vending machines in the theatre. A lot of our business is like this—service to the community. Glad to do it. Because we're conveniently located and open long hours, we're a handy place to pick up change or a bottle of aspirin. But a pharmacist's true service to his community is to be a quick, reliable source of the drugs and medications your physician prescribes. That's the real reason we're here. And we are always pleased to serve you.

FOREIGN AID BILL SIGNED BY KENNEDY

WASHINGTON (AP)—President Kennedy signed Wednesday the \$4,672,000,000 foreign aid authorization bill, and said he could not emphasize too strongly how important it is.

Among other things, the measure permits Kennedy to continue limited aid to Communist countries—a point disputed bitterly in Congress.

Kennedy signed the measure as a bipartisan congressional delegation looked on.

ALLIANCE FOR PROGRESS

The authorization measure includes a four-year \$2.4-billion Alliance for Progress program in Latin America.

The bill's authorization for foreign aid this fiscal year is \$206.5 million less than Kennedy's original request. It still faces the possibility of much sharper cutting when the appropriations bill comes up. The appropriation measure provides the actual money for which the authorization bill simply sets ceilings.

This year's program, for instance, carries \$1.5 billion for military assistance to allies and \$1.25

billion in economic development loans which were authorized last year.

The authorization bill's passage was a victory for the administration in a fight to kill a proposed Senate amendment to deny aid—except surplus farm commodities to such Communists as Poland and Yugoslavia.

Kennedy retains authority to extend aid behind the Iron Curtain if he finds, and reports to Congress, that it is vital to U.S. security, that the aid will strengthen a country's independence from Moscow, and that the recipient nation is not controlled by the international Communist bloc.

The bill directs Kennedy to suspend foreign aid to any country which has expropriated U.S.-owned properties since Jan. 1, 1962, and fails within six months to take appropriate steps to provide adequate compensation.

SUCCEEDS DR. OSBORNE

UNIVERSITY PARK, Pa. (AP)—Dr. Philip F. Hallock took over today as acting head of the Pennsylvania State University Department of Architecture, succeeding Dr. Milton S. Osborne who retired June 30.

Hallock was named to the post Tuesday. He has been a member of the faculty at Penn State since 1947 and a professor of architecture since 1953. He also is an alumnus of Penn State and a native of Wellsboro.

IDLE ROLLS UP

HARRISBURG (AP)—Seasonal layoffs of men and women ineligible for vacation pay helped

reports the State Labor and Industry Department.

Department Secretary A. Allen Sulcove said Tuesday the July

total represents an increase of 7,000 over the 373,000 reported out

of work in June.

But, despite the increase, Sulcove noted the July figure is still the lowest in the state since 1957 when 307,000 persons were unemployed.

Pesky Starlings Are Headache For TVA

CHATTANOOGA, Tenn. (AP)—The starling, a familiar pest to cities and parks, has taken a dangerous fancy to Tennessee Valley Authority high power lines.

TVA's troubles came when starlings, perching only inches apart on wires, cause "flashover" danger. Foreign objects on wire insulators may cause a circuit to ground, permitting an uncontrolled surge of power which can damage equipment and cause power interruptions.

Borrowing a technique developed at Pennsylvania State College and used successfully in Nashville, agency officials tape-recorded starling distress cries and amplified them from a portable loudspeaker about starling bedtime. The startled starlings fled their roosts within a half-mile radius. A few repeated performances and they stayed away for good.

How do you get a distress call on tape? "It's simple," said Dr. George Mayfield, Nashville ornithologist, "once you've caught a starling, just turn him upside down."

A special alloy—abrasion-resistant nickel-chromium cast iron—is used for grinding balls and mill liners which grind tough metallic ores.

CYPRUS VISIT PLEASANT TRIP FOR DR. MYERS

After a long delay at Tel Aviv, Dr. Jacob Myers, Seminary Ave., and his party arrived in Nicosia, Cyprus, about 5:30 p.m. July 17 following a 50-minute flight. Cyprus is the last island on the eastern end of the Mediterranean Sea with its northern finger pointing directly toward northern Syria and Turkey. It is 140 miles long and 60 miles wide, with an area of 3,572 square miles. Its highest mountain is Mt. Olympus, 6,400 feet.

Cyprus has a population of 866,000, of which 80 per cent are Greeks, 10 per cent Turkish and two per cent mixed. The history of Cyprus goes back to the Neolithic Age and through the Bronze and Iron Ages and reflects contacts with surrounding cultures—Phoenicia, Asia Minor, Greece, Egypt and Rome. It figured prominently in the period of the Crusades, whose consequences were reflected in the history of the island.

It was governed by the Venetians from 1489 to 1571 when it was captured by the Turks in whose hands it remained until 1878 when it was ceded to Great Britain in exchange for assistance against Russian encroachments in the eastern provinces of Turkey. In 1914 it was annexed to the British Crown and in 1925 it became a crown colony. In 1960 Cyprus was granted independence by England and is now a republic.

TOURED NICOSIA

The group toured the capital city Nicosia pretty thoroughly. It has a population of 81,700 and is the island's largest city. It has a Greek quarter and a Turkish quarter and the two groups are almost completely segregated. They have their own schools and bazaars and, so far as one can see, the two do not mix socially.

One of the most interesting sites is the Cyprus Museum with its fine exhibits of archaeological remains from the earliest period up to the present. There are inscriptions, artifacts, jewelry, vases of all kinds and reconstructions of tombs from several periods. Of interest were the old city walls.

and the moat which once surrounded the city. The group visited the St. Sophia Cathedral which is now a mosque, the Cathedral of St. John, near the archbishop's palace, and the presidential palace.

The newer parts of the city are beautiful and the lovely private homes a contrast to the apartment houses of Israel. The cost of these homes ranges from \$9,000 to \$15,000. According to custom, marriages are arranged by the parents of the couple. The bride's family provides the house while the bridegroom's family provides the car. Marriages are not contracted until the prospective husband has an income of at least \$150 per month, which is equivalent to twice that amount in the U. S.

TRAVEL TO FAMAGUSTA

During the afternoon of July 18, the group went to Famagusta, the chief seaport of the island, almost six miles south of Salamis where Paul and Barnabas landed on their first Christian mission of Cyprus. At Famagusta, they stopped at the 14th century Latin Cathedral of St. Nicholas, now Lala Mustafa Pasha Mosque, and the church of St. George. They also traced the old walled area of the city and Othello's Tower, made famous by Shakespeare's tragedy. Within the Venetian walls of the old city there were once more than 365 churches.

The ruins of ancient Salamis are extensive and have only been partially excavated. They visited the Roman area with its theater, forum and temples. Salamis is said to have had the largest marketplace in the Roman Empire. The city in its most prosperous period is believed to have had 50,000 inhabitants. Since its destruction by the Arabs in the 7th century it has lain in ruins.

Between Famagusta and Salamis lies the ancient Bronze Age city of Enkomi—perhaps Alasia—whose kings supplied the Egyptians with copper—Cyprus means copper. The discovery of an Achaean city at Enkomi lends some credence to the ancient tradition that Alasia was found by Greek refugees from the Trojan War. The group visited the church and monastery of St. Barnabas occupied by three interesting monks for 45 years. They are brothers, very friendly, intelligent and skilled in painting. Dr. Myers purchased a painting from them for each of his grandchildren.

PAPHOS AREA

Paphos, on the west coast of Cyprus, was the other city men-

tioned in the Acts in connection with St. Paul. It has few ruins, mostly of later times. The Myers group did not visit it nor did they go north from Nicosia to Kyrenia, which Dr. Myers had visited seven years ago. It has a beautiful, though rugged Byzantine castle which was occupied by the British army. In the same general region are the Bellapais Abbey, originally occupied by a French brotherhood and established in the 13th century. The most interesting part of the abbey is the refectory which remains fairly intact despite the ravages of war. This is the best preserved Gothic structure in Cyprus.

Five miles west of Kyrenia is St. Hilarion's Castle, reputedly named for St. Hilary the Great. During the Lusignian period—13th and 14th centuries—it was converted into an imposing fortress since it stands on a peak 200 feet above sea level. The fine Byzantine church was built in the 11th century. Many other sites could be mentioned, but this is enough to give some idea of the beauty, interest, and importance of the island.

The chief occupation of Cyprus is agriculture. Everywhere one sees grain fields, orange groves, olive orchards, carob trees, vineyards and vegetable gardens and patches. There is an abundance of flowers everywhere. Cyprus is noted for its fine oranges, its wines, embroidery and pottery. The western part of the island has great forests and there are ample winter and summer sports. The average skilled laborer gets about \$3.50 a day; the unskilled workers only about \$2.95. Women get about \$1.50. There are about 70,000 women employed in one way or another. Gas is from 50 to 55 cents a gallon. An American car is

FIFTH SCHOOL DIRECTOR WILL FACE CHARGES

BRISTOL, Pa. (AP) — A fifth member of the Bristol Township School Board has been arrested in connection with alleged attempts to sell grade school principals to teachers for prices of \$600 to \$1,000.

Mrs. Angela Blatt of Levittown, the only woman member of the board, was charged with conspiracy Tuesday. Justice of the Peace Leon H. Milnor of Newtown set bail at \$2,500 pending a further hearing.

Earlier Louis A. Alimenti, 45, of Bristol Township, president of the board, and Nicholas Demara, 47, also of Bristol Township, were charged with bribery, extortion and violation of the school code.

Dist. Atty. Paul Beckert of Bucks County said the two men implicated John F. Hess, 39, and John R. Stieber, 47, both of Levittown. They were charged with conspiracy.

FREE ON BAIL

Alimenti and Demara were released in \$7,500 bail for a hearing Tuesday. Hess and Stieber also were released in \$2,500 bail.

Hess denied any implication in the case.

Beckert said that two teachers had told him about a month ago that they had been offered protection about \$36 a year and a driver's license costs \$2.25 a year. Cyprus follows the British system of driving on the left hand side of the road and steering wheels of cars are on the right.

BOSSY WASN'T MISSED

PHOENIX, Ariz. (AP) — A 250-pound life-size statue of a cow was turned into the missing properties division of the Phoenix Police Department.

Dutifully the police notified a shopping center where one of them recalled seeing such an animal on display.

Sure enough, the statue was missing. But the first shopping center officials knew about its disappearance was when they learned it had been found.

ANTHEM FOR AN IMPOSTER

ROCHESTER, N. Y. (AP) — The Junior Chamber of Commerce here still burns when it thinks of a local character who posed as a British Royal Air Force Intelligence officer and addressed one of the group's dinners.

What was particularly galling was that the audience patriotically rehearsed "God Save the King" for a full half hour while waiting for the imposter to show up.

If you want to know what's behind the headlines, ask any housewife. She'll tell you it's her husband, especially at the breakfast table.

NOTICE

Jesse Arnelle Will
Marry Argentinian

HARRISBURG (AP) — Jesse Arnelle, former star athlete at Penn State University, and a 2-year-old librarian from Argentine applied for a marriage license Wednesday at the Dauphin County Courthouse.

The woman identified herself as Genia Sorokin, a native of Zagreb, Yugoslavia, and now a resident of Buenos Aires.

Arnelle, a 29-year-old Negro, was outstanding both in football and basketball at Penn State between 1951 and 1955.

Neither Arnelle nor his bride-to-be would say when or where they planned to get married.

PICK CLEMENT TO DEFEAT 3 FOR GOVERNOR

By GAVIN SCOTT

NASHVILLE, Tenn. (AP) — Former Gov. Frank Clement, the "boy wonder" of Tennessee politics a decade ago, is rated as the man to beat today in a three-way contest for the Democratic nomination for governor.

Opposing him in a race that focused more on personalities than issues were City Commissioner William W. Farris of Memphis and veteran Chattanooga Mayor P. G. Olgati.

A turnout of close to 700,000 voters is a possibility.

Clement, now 42, campaigned on his record as governor from 1953-59, citing his administration's accomplishments in education, mental health, welfare and industry recruiting. He invited his rivals to state which of these programs they disapproved.

BROKEN PROMISES

FARRIS, 38, and Olgati, 61, contended Clement's record was one of broken promises, exaggerations and mistakes. They hit repeatedly at his associations with Billie Sol Estes, the bankrupt Texas financial wizard, and called for an explanation.

The Texas attorney general's office recently produced documents it said showed Clement and his father, Robert S. Clement, shared in profits from an Estes housing project at Blytheville, Ark.

The primary is a winner-take-all affair, since Tennessee has no runoff primary. The Democratic nominee is almost certain to be elected to a four-year term in November. Republicans seldom make a serious play for the office.

The winner will succeed Gov. Buford Ellington, ineligible for another term and neutral in this race. Most of Ellington's organization worked hard for Clement.

Eight of the state's nine congressmen, seven Democrats and one Republican, seek renomination. Threes faced serious opposition — Reps. James Frazier of Chattanooga, Carlton Loser of Nashville and Clifford Davis of Memphis, all Democrats.

JAIPUR LOOKS TO RACE WITH SPEEDY RIDAN

OCEANPORT, N.J. (AP) — Jaipur, leading money winning horse of the year and a leading contender for the 3-year-old championship, is off for Saratoga Springs, N.Y., and an expected summit clash Aug. 18 with Ridan in the \$75,000 Travers Stakes.

Bobbie and Tommy Schweizer, of Pittsburgh, are visiting their grandparents, Mr. and Mrs. Ray Sites.

The -H Clover Kids Club held its last meeting July 27 at 9:30 a.m. in Zion Lutheran Church. The group will prepare "snacks" for the fair.

Proceeds from the bake sale will be used to hold a social for the girls' mothers with the remainder to be used to go roller skating, swimming, or other amusements.

At a special meeting of the 4-H Clover Kids Club on July 20 at the Lions Club picnic grove, the girls learned how to make a fire. Mrs. Helen E. Tunison, Mrs. Edward Snyder and Mrs. Charles Taylor discussed day camp at which tribes will be given names of trees. Color marks of the tribes will show them where they will eat supper.

The United Church of Christ of St. John picnic was held at Bender's Sunday with worship, after which they served picnic dinners. Seventy-five attended.

Rev. and Mrs. Robert Paden and children have returned from East Lansing, Mich., where Rev. and Mrs. Paden attended a two-week session of the National Town and Country Pastors' School at Michigan State University. This was an interdenominational school and was attended by 60 pastors and wives of the United Church of Christ.

Manager Of Grant Store And Employe Are Slain

LOCK HAVEN, Pa. (AP) — A 55-year-old store manager and a woman employee were shot and killed Wednesday while taking inventory in a basement stock room at the W. T. Grant Store in downtown Lock Haven.

State police identified the victims as D. W. Atwood, married and the father of two, and 28-year-old Shirley G. Rechel, both of Lock Haven.

Atwood was found with four bullets in him, lying on the basement floor several feet from an open safe. Mrs. Rechel was only 12 feet away, shot twice through the head and once in the chest.

Both had been dead for about half an hour when they were discovered. Police were working on the theory that the two were slain by robbers who escaped with an undetermined amount of cash.

SET ROADBLOCKS

Roadblocks were set up through out Clinton County almost immediately.

Ironically, a crew of city employees were repaving an alley only 100 yards from the scene of the crime at the time of the shooting.

However the heavy construction equipment being used by the workers apparently drowned out the sound of any shots.

The robbery was first discovered about 1:30 p.m., when Mrs. Robert Sienker, another office employee, was returning from lunch.

She immediately summoned assistant police chief Paul L. Robb, who found the bodies. Robb said the two apparently had been slain by a small caliber weapon, perhaps a 22.

STORE WAS CLOSED

Actually, the store was closed at the time of the slaying. The Grant Store, along with other mercantile establishments in Lock Haven are open only until 12 noon on Wednesdays.

Atwood and Mrs. Rechel had remained on duty to help take the end-of-the-month inventory. Mrs. Rechel was last seen alive when she returned from lunch at 12:30 p.m.

LOSS NOT KNOWN

Police theorized that the safe robbers may have come upon Atwood and Mrs. Rechel when they tried to get out the back way after finding the front door of the store locked. The robbers probably concealed themselves in the store before the noon closing time Robb said.

A Lovelier You

My MARY SUE MILLER

TIMELY TIP. When you hear the term, "wash and wear," you are apt to think of clothing. But it is now applicable to many other wardrobe items, including handbags. In case you didn't know it, about 99 per cent of this summer's purses are sudsable.

So don't be hesitant to refurbish a neody bag. Actually most pastel bags are neody along now.

How you suds a bag depends on its fiber content. But whatever the fiber, a bag should be dusted off with a dry brush or cloth before sudsing.

If a bag is made of tightly woven straw, gently scrub it with thick suds on a soft brush. Then rinse with a damp cloth and hang

it in a shady spot to dry. Coarse or loosely woven straws are cleaned by using an almost dry lather and rinse on a cloth.

Bags of either natural or plastic leather respond to a light, sudsy sponging and sponge rinse, plus a careful drying with a lintless towel. Once clean and dry, a buffing with paste wax gives a pretty patina to straws and natural leathers.

Soft, all-fabric bags can be laundered in a basin of lukewarm suds. For best results, soiled areas should be pretreated with a soap brush. After rinsing, excess moisture should be pressed out with a towel and the fabric touched up with a warm iron.

Thus a dingy bag comes to look like new!

RED TARGETS ARE ASSIGNED TO U.S. PADS

WASHINGTON (AP) — U.S. missiles will take over Communist targets now assigned to 60 British-manned Thor rockets after they are taken off their pads.

American authorities disclosed this today following a British announcement that the above-ground, vulnerable Thor missile bases in Britain will be closed down during the coming year.

U.S. informants said the basis of the British action was financial. They suggested the money Britain saves in this way may be used to strengthen her conventional forces—including those assigned to NATO—and said this meets with U.S. approval.

OCTOBER DATE

Officials expect the 1,500-mile range Thors to go out of operation by October 1963.

By that time, the United States will have nearly doubled its fleet of Polaris-missile-firing submarines from the present nine to 17. The Navy considers them virtually invulnerable to attack.

President Kennedy told his news conference late Wednesday the British gave the United States advance notice of their intention to end the Thor agreement. He said it should have no adverse effect on the defense of Europe.

Under this pact, the United States supplied about \$190 million worth of missiles and other equipment while the British chipped in with about \$33.6 million for launch sites and related expenses.

MONBO CALLS PERFECT GAME SWEET TASTE

By TED SMITS

Associated Press Sports Writer

CHICAGO (AP)—For Bill Monbouquette better known as "Monbo," it was the sweet taste of perfection after four disastrous games.

For Early Wynn it was the bitter taste of frustration with an extra dose of acid thrown in. Monbouquette pitched the season's fourth no-hitter in the major leagues Wednesday night as the Boston Red Sox beat the Chicago White Sox 1-0. A secondinning walk to Al Smith kept him from completing a perfect game.

Wynn, 42 years old and striv- ing for his 29th victory in the road to the glamorous 300 mark, saw his performance go for naught. However, he had five strikeouts to put him one ahead of Lefty Grove and in eighth place on the all major league list with 2,272.

TRIUMPH GLORY

As for Monbo, it was all triumph and glory, and this after having allowed 17 runs in 10 2-3 innnings pitched in his last four starts.

The husky, 25-year-old right-hander, who had not pitched a complete game since June 29 and whose last win was July 8, struck out seven. After he walked Smith in the second inning, Monbouquette retired the last 22 batters in order, winding up his sterling performance by fanning shortstop Luis Aparicio.

The White Sox hit only seven flies to the outfield and the closest one to a hit was Charlie Maxwell's second inning drive which outfielder Lu Clinton caught near the foul line.

MISS ALL STARS

Monbouquette, who was dropped from the second All-Star game roster because he had been having trouble winning recently, upped his season record to 9-10. In his five years in the majors he has a 47-46 record, including 14-14 last season and his top mark, 14-11, in 1960.

"I was conscious of the no-hitter all the way," Monbouquette admitted after the game. "No one said anything to me on the bench of course (that would violate baseball tradition) but believe me I kept thinking about it."

"I said to myself in the eighth inning—just keep going and don't throw any more curves," he said. "At the start I was throwing a lot of curves but at the end it was all fast balls and sliders."

State Auditors Check Bristol Twp.

HARRISBURG (AP)—State auditors were ordered into Bristol Twp., in Bucks County Wednesday to start checking over school district finances there.

Dr. Charles H. Boehm, state superintendent of public instruction, said he issued the order on the heels of the arrest of five township school board members on charges of job selling.

Boehm said the investigation would be routine for such situations.

A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

THE CRAWFORD—DUNWOODY FAMILY

It would be just about impossible to give a coherent account of the various family relationships existing between the Scotch settlers along the Marsh Creek frontier—particularly during the first half century of their residence in this country. These people tended to marry within their own nationality—records, if kept, were lost or destroyed and many ties by blood or marriage are a mystery to this day. Thus it is with the people buried in the McClellan family graveyard—in nine cases out of 10 relationships can only be surmised. All, presumably, are related—but just how and in what degree is not known. As a welcome change from "it is reasonable to assume" quite a bit of data is available about the Dunwoody (sometimes spelled Denwiddie or Dunwoody) clan and the account of that family is continued in this column.

IN FAMILY PLOT

Elizabeth Kerr, the second wife of the fifth David Denwiddie, is buried in the McClellan family burial ground, in the south end of the third row of graves. Her last resting place is very well marked—the stone is still in place and the inscription reads as follows:—

13. "In memory of — Eliza Dunwoody who — departed this life — November 21, 1789 — Aged 43 years."

The sixth David Denwiddie, son of the fifth David and his first wife, Jean (McClellan) Denwiddie, was a blacksmith in Cumberland Township, York (now Adams) County. In his will, which was written October 16, 1802, and entered to probate December 18, 1802, he (the sixth David Denwiddie) mentions the following members of his family:—

1. Daughter — Margaret Denwiddie intermarried with John Wilson.

2. Grandchildren — Sarah Wilson, Thomas Wilson, Nancy Wilson and Betsy Wilson.

3. "To my grandson, David Denwiddie, son of my son, David Denwiddie, and to his sister, Jean Denwiddie, my granddaughter."

GRAVE IS MARKED

4. "My son-in-law, Samuel Cross (Cross) and his son, David Cross."

REDS CLOSING ON DODGERS; WIN 13 OF 14

By MIKE RATHET
Associated Press Sports Writer

Just how far is up for Cincinnati's rambunctious Reds?

That was the big question today in the National League, where the bounce-back Reds are using Frank Robinson's big bat as a battering ram in an attempt to gain admittance to the throne room for the second consecutive year.

The Reds have reeled off 13 victories in 14 games—the latest a 5-1 conquest of the St. Louis Cardinals Wednesday night.

The triumph moved the third-place Reds to within 7½ games of league-leading Los Angeles and within 2½ of second-place San Francisco. The Dodgers were belted by Pittsburgh 9-1 while the Giants bowed to the Chicago Cubs 3-2 in 10 innings.

BRAVES BLANK COLTS

The Cardinals got to Jim O'Toole (11-11) for their lone run in the fourth inning on Julian Javier's triple and a single by Stan Musial, but Robinson's homer following a Jerry Lynch single put the Reds ahead to stay. Larry Jackson (9-9) was the loser.

The Pirates beat Bob Friend (12-10) with a 14-hit attack and made the most of three Dodger errors to snap out of a losing skid in which they had lost eight of nine games. Six runs in the third tagged Stan Williams (9-7) with the loss.

2-RUN HOMER

George Altman's two-run homer in the 10th inning settled a pitchers' duel between Bob Buhl (8-8) of the Cubs and Billy O'Dell (12-10) of the Giants. Buhl needed Don Cardwell's relief help in the bottom of the 10th.

Shaw (12-8) scattered eight hits in posting his third shutout of the year while the Braves collected only five hits, but used them more effectively to beat Hal Woodeshock (4-11). Milwaukee combined two hits and three walks for a pair of third inning runs and closed the scoring in the fifth on Joe Adcock's homer.

Tony Gonzalez paced the Phillies' 18-hit offensive with four hits—including a triple and double—and three runs batted in. The victory went to Dennis Bennett (4-6) with Al Jackson (5-13) the loser.

GRAHAM FEELS STARS TO TEST TOUGH PACKERS

By TED SMITS
Associated Press Sports Editor

CHICAGO (AP) — Taur and eager, the College All-Stars are ready for their football game against the Green Bay Packers Friday night at Soldier Field.

Says Coach Otto Graham of the collegians:

"Physically the Packers won't push us around, I just hope we won't make any mental errors."

FORMIDABLE CLUB

The Packers, National Football League Champions, are a formidable club—"one of the best all time," in Graham's view.

But the 1962 edition of the All-Stars, even with Ernie Davis of Syracuse sidelined, have much to recommend them.

They have John Hadl of Kansas, a talented quarterback; Ron Bull of Baylor, who is expected to step into the spot vacated by Davis; Roman Gabriel of North Carolina State, a pin point passer; Jimmy Sexton of Texas, an explosive runner, and Bob Ferguson of Ohio State, a powerful line smasher.

HARDEST WORKING

"And they're the hardest working squad I've seen in my five years of coaching in this game," says Graham.

The loss of Davis was a severe blow. He is in bed with a blood disorder that may keep him from playing at all this year with the Cleveland Browns.

The game is the 29th in the series sponsored by the Chicago Tribune Charities, Inc., and will be televised and broadcast (ABC) starting at 8:45 p.m. EST.

The Packers are clean cut favorites. However, Graham, in his first job of coaching, pulled a big upset when his collegians beat the Detroit Lions 35-19. Graham figures his present team has the potential.

All indications point to an open game.

Graham won't name his starting quarterback yet, but he said "if we use the spread much it has to be Hadl."

High School Stars Pick Game Captains

HERSHEY, Pa. (AP) — Both the East and West picked their captains Wednesday night for the fifth annual Pennsylvania Big 33 All-Star football game at Hershey Stadium Saturday night.

Halfback Eric Crabtree of Moshens, fullback Pete Duranko of Johnstown Catholic and quarterback Jack White of Wilkinsburg were named captains of the West squad.

The East selected quarterback Paul Dennebaum of Scranton and guard George Garret of Pottsville.

The game will match 33 of the state's top 1961 schoolboy football stars. The East has 27 players, the West 26. The West won it last year 34-14.

GONZALES IS CREDITED WITH TENNIS PACE

By WILL GRIMES
Associated Press Sports Writer

MEXICO CITY (AP) — America's ace in the hole in the crucial Davis Cup tennis match against Mexico this weekend is the Mexican-descended team coach, pro champ Pancho Gonzales.

"If we pull this one out of the fire, enough credit can't be given to Pancho," says the U.S. captain, Bob Kelleher, today.

"There are three specific areas in which Gonzales' value to us is inestimable. He is a great tactician. He commands respect from every man on the squad—they'd stand on their heads if he told them to do so. He gives them practice experience on the court such as you can't get anywhere in the world."

As a pro, Gonzales can't be on the sidelines but he'll be in the wings when the U.S. coppers square off against the Mexicans in the best-of-five match series Saturday, Sunday and Monday at the Chapultepec Sports Center.

AID TO OLMEDO

Gonzales' coaching was credited with Alex Olmedo's and the United States' upset victory over heavily favored Australia in the Davis Cup challenge round at Brisbane in 1958. He was then a coach without portfolio, assisting Captain Perry Jones.

Now Gonzales is the official team coach, a job he took at great personal sacrifice and much to the chagrin of the Mexicans. The Mexicans made a bid for Pancho's services but the tall, dark Los Angeles pro, who lived in Mexico as a youngster, felt his first obligation was to Uncle Sam.

Gonzales has worked tirelessly whipping the American team into shape for the Mexican test. The Mexicans, with the gifted Rafael Osuna in the lineup, are favored to knock the Yanks out of the American Zone title for the first time in history.

The Americans are expected to use Chuck McKinley, St. Ann, Mo., and Jon Douglas, the former Stanford quarterback from Santa Monica, Calif., in singles, with McKinley and Dennis Ralston, Bakersfield, Calif., playing the doubles.

Hanover Players Present Hit Comedy

The Hanover Community Players will present Kober and Oppenheimer's "A Mighty Man Is He" as their first experimental summer show at the Little Theater on Blooming Grove Rd. on August 7 through August 11. Tickets may be purchased at Trone and Weikert's Men's Shop or from any player member.

William Buehrle will direct the comedy featuring area talent such as Roy Maitland of Littlestown; Shirley Rhodes, Hanover; Robert Trostle, Spring Grove, and Donald Trimmer of York.

Debuting for the Hanover Players are John Hostetter, Donald Trimmer, Patricia Rickrode and Geri Broffin.

CARNIVAL ENTERTAINMENT

Fifty-two members attended the monthly meeting of Alpha Fire Company Tuesday evening in the engine house. Carnival entertainment was announced as follows: Monday, Roger Dean and the Blue Valley Ramblers, Richmond, Va.; Tuesday, Happy Johnny with Johnny Norris and the Free State Boys, Frederick; Wednesday, Buck Benson Show, York; Thursday, Mel Price and his Santa Fe Rangers, Wheeling, W. Va.; Friday, Virgil Neal and the Oklahoma Travelers; Saturday, following the parade at 5 p.m., the Littlestown High School Band will present a concert and "The Collegians" of Baltimore will present two shows.

LOSS OF DAVIS SERIOUS BLOW TO PRO BROWNS

By JACK CLARY
Associated Press Sports Writer

The title — hungry Cleveland Browns, having lost All-American rookie halfback Ernie Davis because of a blood disorder, suddenly find themselves looking to a group of new faces that Coach Paul Brown got in a free-swinging bingo on the National Football League's trading mart.

Davis, whom Brown obtained from the Washington Redskins for established halfback Bob Mitchell and highly-touted rookie Bobby Jackson of Western Illinois, was declared out for the season Wednesday due to a blood ailment.

Brown, whose team won the Eastern Conference titles in six of its first seven years in the league and hasn't won since, had Davis set as his No. 1 left halfback to go with fullback Jimmy Brown.

"We're HOPEFUL

The combination of the two former Syracuse All-Americans, plus a new quarterback in Jim Ninowski and the acquisition of other veterans, had tabbed the Browns as the team to beat in the East.

Now Brown must go with his revamped veterans. They include halfbacks Tom Wilson, who came from Los Angeles, Howard (Hopalong) Cassidy from Detroit, and fullback Merrill Douglas from Dallas.

Davis' misfortune has been the most serious in the pro football training camps to date.

The New York Giants, with a rash of minor injuries, find themselves without No. 1 quarterback Ralph Guglielmi, who has a bruised shoulder. Houston's top quarterback, George Blanda, is out of action recuperating from a thyroid operation.

Eastern League

By THE ASSOCIATED PRESS

Richie Allen, one-time basketball whiz from Wampum, Pa., is whizzing away at Eastern League pitching and heading for the Class A league's batting title.

The .350-hitter who was converted from a shortstop to a centerfielder is far above his pace of last year when he finished with a .317 average at Class C Twin Falls.

He had another big night Wednesday night with a homer (14), double and two singles to drive in three runs and lead Williamsport's 13-2 victory over a 3-2 victory over Charleston.

The victory enabled Williamsport to maintain its 18-game lead over second-place Elmira which defeated Springfield 3-2. York beat Binghamton 13-4 in the only other game.

Ready Public Welfare Bill With One-Package Service

(Editor's note: The role of public welfare in society has received close scrutiny at both federal and state levels. Pennsylvania is one of the states seeking to improve its welfare program. Here is the second of two articles explaining it.)

mission deals with welfare as a whole—public assistance, mental health, medical care and child welfare, among others.

However the institute in its report noted:

CHILD WELFARE

"The welfare of children is intricately combined with the welfare of their families. A family and a child welfare program is the core of a sound public welfare program."

"It follows, therefore, that optimum achievement of child welfare goals rests on program and structural changes in the broader context of public welfare administration at the state and county

levels."

In other words, when reorganizing welfare services, reorganize as a whole, not in parts. And it is to this end that the State-Local Welfare Commission is striving.

ONE PACKAGE

Stanley J. Brody, the executive secretary of the commission, said in an interview the commission's recommendations would incorporate the various welfare services "in one package."

The commission, he said, hopes to have its plan ready for legislative consideration by March of next year.

Although he would not comment on the specific recommendations at this time, he did outline three basic options facing the commission:

3 BASIC OPTIONS

A state-administered program. A county-administered program

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP) — Probably the biggest misfit in America's new physical fitness campaign is the tired office worker.

Pallid-faced and slack-chested, he droops over his desk like a piece of wet laundry hung from the family clothesline. He barely has the strength to totter back and forth to the water cooler half a dozen times a day.

There are those who think the answer to the rehabilitation of the tired business employee is to provide him with a lot more fresh air and exercise. Frankly, I think that would be more likely to kill than cure him.

NEEDS MORE REST

It isn't more exercise the ordinary office worker needs. He gets more than enough exercise now simply by trying to avoid doing his work. What he really needs is more rest—on company time.

The answer, as I see it, is to revive the old-fashioned siesta — right in the office.

Why do American housewives so consistently outlive their husbands? A partial explanation probably is that they are never far from a sofa while performing their household chores. Whenever they feel a bit weary, they simply lie down and take a nap until the feeling goes away. Then they rise refreshed.

WATCH LATE MOVIE

Now let's take the ordinary male office employee. He has probably stayed up to watch the midnight movie on television and winds up late.

There is no time for a hearty breakfast. Red-eyed from lack of sleep he races to the office and snacks on hot coffee and a sodden cracker.

By noon he is all worn out. Then he goes out for lunch and hungrily gulps down a meal that would stun a python.

When he stumbles back into the office, he can hardly keep his eyes open. Numb with fatigue, he toys restlessly at the papers on his desk all afternoon, getting little or no work done.

STATE DEFECTS

Brody was quick to note the defects in this proposal. One is that the operation of juvenile courts is a county function, and one that can not change, he said.

Another is that county institutions represent a major investment on the part of the county. What return for that investment would a county receive under a state program?

Still another, the cry of home rule—the further away a program gets from the people it affects, the less sensitive it is to their needs.

The county-administered program is the reciprocal of the state program. Two obvious defects appear here, Brody said.

What better place than the office?

Braves Will Stay Put In Milwaukee

MILWAUKEE (AP) — The Milwaukee Braves, disturbed by persistent rumors in various sections of the country, want it known they're not considering a move back to Boston—or anywhere else.

In an unusual move, Milwaukee club president and General Manager John McHale issued a statement Wednesday denying reports that the Braves are entertaining thoughts of another transfer.

McHale said the reports "are totally without fact and are unfair to the fans of Wisconsin." He added, "The Braves are not presently considering a move to Boston nor do they have any intention of considering such a move in the future."

The Braves moved from Boston to Milwaukee in the spring of 1953. In nine years the Braves attracted some 15 million fans to Milwaukee County Stadium. However, this season the Braves have drawn only 446,210 for 44 home dates—239,332 fewer than in the same number of appearances last season.

Reed Loses Chance To Take First Title

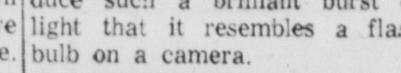

SOUTH ORANGE, N.J. (AP) — Whitney Reed, who tries to laugh off his tennis slump by wisecracking, "I played a year too long," is considering retirement from the amateur circuit.

Reed, the top-ranking American player, has failed to win a major tournament this year. Wednesday he was knocked out of the Eastern Grass Court championships in the third round.

"To tell you the truth," Reed admitted after losing, 7-5, 6-8, 6-4, to journeyman Texan Ronnie Fisher, "I was thinking about quitting last year. But then I was ranked No. 1 and I figured I might as well take advantage of it when I could."

Reed, who'll be 30 later this month, has been unable to regain his touch strokes. Two weeks ago, after a first round upset in the U.S. Clay Court championships, he was dropped from the U.S. Davis Cup team.

DELEGATES TO CONVENTION ARE SELECTED

LITTLESTOWN — The following delegates to county firemen's convention at New Oxford August 11 were named at a meeting Tuesday evening of the Alpha Fire Company as follows: Edward G. Loefel, Henry E. Waltman, James U. Bowers, Glenn E. Ohler, Richard Stuller, James P. Hahn, Kenneth W. Olinger, Walter C. Myers, Clyde E. Harner and Dennis W. Walluck; alternates Harry E. Feeser, Robert King, Monroe G. Morelock, Clair J. Redding, Carl Wantz, Jack E. Rebert, Glenn S. Kauffman, Joseph H. Redding and Robert Spangler. President Clyde Harner presided.

Fire Chief Richard Stuller, Glenn Ohler and Dennis Walluck were appointed to decide how the alarm for the Windsor Shoe Company at the Charles Koontz property shall be hooked up. The latter property was recently sold.

Chief of Police Edward T. Kowalczyk spoke on traffic safety when an alarm is sounded. He said firemen are disobeying traffic rules. Unless the laws are obeyed in this respect in the future, the violators will be charged according to the law, he said.

5 CALLS TO JULY

Jack Rebert urged firemen to help whenever possible at the carnival. Monroe Morelock reported for the parade committee.

The assistant fire chief reported five fire calls during the month, with a combined loss of \$12,190. Truck Foreman Kenneth Olinger reported a hand light missing during the Staudt barn fire, and asked that it be returned.

John Gantz, Leroy Six, Lester Tittle and Kenneth Lemmon were nominated for membership. Robert King, Kenneth Olinger and Larry Worley comprise the investigating committee. Leroy Shultz was elected to membership. Bills amounting to \$926.24 were ordered paid and receipts of the evening were \$23.24. The matter of new all-purpose gas masks was left in the hands of the trustees. Robert C. Koontz was appointed a fire policeman.

Refreshments were served by Barry Fissel, Harry E. Feeser and Bobby Nester. Movies of traffic accidents were shown through the courtesy of the Pennsylvania Turnpike Commission.

The next meeting of the firemen will be held September 4.

The Kingsdale Fire Company named delegates to the firemen's convention at a meeting Monday evening in the engine house: Ralph van DeGroot and William Fissel.

Neither Ether Nor Ammonia Worked

READING, Pa. (AP) — Felix Orlowski was painting the cornice of a building Wednesday when something inside a small hole almost pulled his brush from his hand.

He hurried down the ladder and told an unbelieving foreman, Joseph Kowal.

The same thing happened to him.

The foreman pushed a stick into the hole. When he pulled it out, it was half eaten away. He sprayed ammonia into the hole and tried ether. Neither worked.

Kowal finally got enough of a glimpse to find out he was tangling with a family of squirrels. They stayed but were left after an hour and a half.

As Kowal walked by the crowd which had gathered he was heard to say:

"Nuts to you."

CLEARFIELD, Pa. (AP) — A Requiem High Mass will be celebrated Saturday morning for Joseph A. Breth, the father of State Rep. Harris G. Breth, D-Clearfield.

The 90-year-old Breth, a retired railroad engineer died Tuesday night after a lengthy illness.

Breth is survived by two other sons and a daughter.

IDLENESS DROPS

ALTOONA, Pa. (AP) — The Bellwood-Andis Industrial Development Corp. announced Wednesday it will build a \$200,000 plant for the P. G. Packing Co. near Bellwood.

Plans call for the toy manufacturing firm to employ 50 to 100 persons at the plant.

Lehigh beat Penn State, 106 to 10, in an 1889 football game. In 1920 the Nittany Lions avenged the setback, winning 109 to 7.

Copenhagen, Francis L. Gerrick, Richard DeGroft, Bernard Flickinger, Harry Hess, Robert Sentz Jr., Harold O. Gerrick, Alvin Spangler, Preston Crabb and Theron W. Bair, President Harold Gerrick presided.

Fire Chief Francis Gerrick reported one fire call; as chairman of the entertainment committee for the carnival, he announced that Prof. Schnitzel of Lancaster County will be on the program

August 22; the annual beauty contest to select Miss Adams County Firemen will be held August 23.

There will be a special meeting of the firemen August 13 to set up stands for the carnival and to assign personnel to the stands.

Refreshments were served by Walter F. Crouse, Ralph Copenhagen and David Koontz.

The next meeting of the company will be held August 27, 3 p.m., with the following social

evening in the engine house: Ralph van DeGroot and William Fissel.

KENNEDY NOT PLEASED WITH U.S. ECONOMY

By JACK BELL

WASHINGTON (AP) — President Kennedy isn't happy with the state of the economy. But he is willing to match statistics with the Republicans on his issue in the congressional campaign.

Kennedy contended at Wednesday's news conference his administration's record on production, incomes, business profits — and even stock prices — is better than levels attained under former President Dwight D. Eisenhower.

And he discounted a national poll which indicated 72 per cent of those questioned opposed a tax cut that would put the government further in debt. Republicans felt this poll sustained their position.

Kennedy said the results might have been different if those polled had been asked if they favored a tax cut as a means of combating a recession which would further increase the debt. He reminded that in 1958, under Eisenhower, there was no tax reduction when the deficit hit a peacetime record.

IDLENESS DROPS

He called encouraging the report that unemployment fell by 430,000 in July to its lowest rate in two years.

The President thus summed up the Democratic position on what Republicans have begun to point to as possibly the outstanding issue in their efforts to win control of the House and increase their Senate holdings.

In response to a question, Kennedy specifically took on Sen. Barry Goldwater of Arizona, chairman of the Republican Senatorial Campaign Committee and spokesman for party conservatives. Goldwater has predicted any further slide in the economy will damage the Democrats.

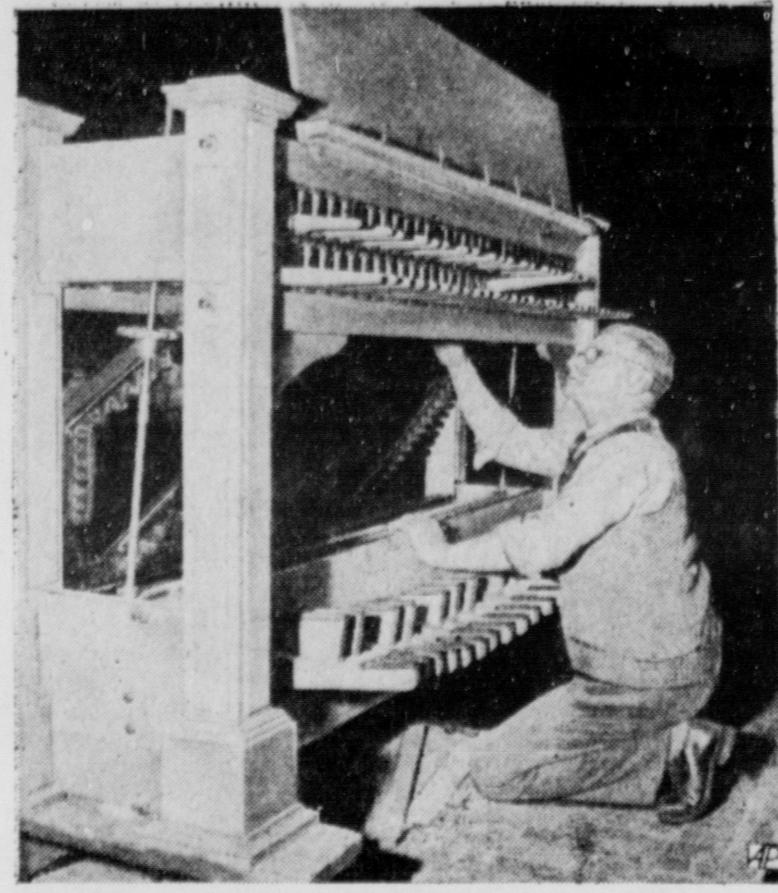

Kennedy said he isn't satisfied with present conditions because "there is still a gap between what we are doing and what we could do, based on our manpower and on our plant capacity."

RAPS GOLDWATER

He said his administration is trying to do something about lifting the level of the economy while Republicans like Goldwater oppose the proposals he has made.

He cited as examples a Senate-passed bill giving him standby authority to initiate public works projects if a recession threatens and a youth employment measure on which neither house has acted.

Kennedy said that since he took office the gross national product was up 10 per cent and incomes were up 10 per cent. He said profits had climbed from \$40 billion to

STRIKES IDLE NINE PLANTS

PITTSBURGH (AP) — Nine Western Pennsylvania plants have been idled by some 2,550 striking employees in contract disputes.

About 2,000 United Steelworkers walked off their jobs in seven plants of six fabricating companies.

In addition, 550 workers struck the Warren and Titusville plants of the Struthers Well Corp.

The USW contracts expired at midnight Tuesday.

About 300 employees at the Union Electric Steel Corp., in nearby Carnegie and nearly 600 workers at the Heppenstall Steel Co. plants in Pittsburgh and New Brighton walked off their jobs then. But 450 production employees at the H. H. Robertson Co. plant in Ambridge waited until Wednesday afternoon to leave their jobs.

Other firms shut down by the walkouts are the McConway and Torley Co. in Lawrenceville; Mackintosh-Hemphill Division of E. W. Bliss Co., Midland, and the Pittsburgh Pipe Coupling Co., in Glenshaw.

Most of the companies and USW locals have refused to discuss their individual disputes.

However, a spokesman for Heppenstall Steel said the workers want a new contract patterned after the basic steel pact. The spokesman said the company could not afford the same pay scale.

The Montgomery County congressman said a recent survey shows \$1,750 is the average annual cost of a college education, with costs in Pennsylvania ranging from \$812 at state colleges such as West Chester to \$3,050 at the University of Pennsylvania.

"I have long been a believer in incentive taxation and think that our taxes should encourage strong growth in our economy and not operate in a punitive way," Schweiker said in a statement Wednesday.

Schweiker, a freshman representative, also said he would enlarge the federal government's student loan program under the National Defense Education Act.

WASHINGTON (AP) — Rep. Richard S. Schweiker, R-Pa., has asked Congress to enact an income deduction of up to \$1,750 for college expenses.

A bill introduced by Schweiker would allow deductions or parents putting their children through college or for students working on which neither house has acted.

SWEAR ESTES
USED THREATS**

WASHINGTON (AP)—A government official swore today that Billie Sol Estes mentioned the death of Henry Marshall while voicing threats designed to halt a federal investigation of Estes' cotton dealings.

Wilson Tucker, deputy director of the Agriculture Department's cotton division, gave the testimony at a hearing before the Senate Investigations subcommittee in its probe of influence deals by Estes, a Texas financier who since has been declared bankrupt.

Marshall was a key employee of the Texas Agricultural Stabilization and Conservation Committee. A coroner originally ruled he was a suicide despite five gunshot wounds in his body, but Texas state police have since said he was slain.

The subcommittee has heard conflicting testimony as to whether Marshall was trying to halt Estes' cotton deals at the time of his death.

Reading from a prepared statement, Tucker said Estes and John P. Dennison, his lawyer, visited Tucker's office last Oct. 18, and that Estes threatened to embarrass the Kennedy administration if an investigation of Estes' allegedly illegal deals in cotton acreage allotments were not halted.

"Mr. Estes stated that this pooled (cotton) allotment matter had caused the death of one person and then asked me if I knew Henry Marshall," Tucker said. Sen. John L. McClellan, D-Ark., the subcommittee chairman, asked whether Tucker regarded the statement as an "implied threat—that one man had already lost his life" because of the investigation.

"I did not at the time," Tucker replied. "It impressed me some but I didn't put any particular significance to it at the time."

LAWRENCE IS URGED TO FILL HIGHEST COURT

HARRISBURG (AP) — Gov. Lawrence is expected to decide within the next few days whether or not to abide by a recommendation from Atty. Gen. David Stahl to fill three-month vacancy on the State Supreme Court.

Stahl urged the governor Tuesday to give the matter serious consideration — "especially from the standpoint of sound judicial administration."

"It would seem important to have the Supreme Court at full strength for the remaining two sessions this fall," Stahl wrote in summary of a month long study of the situation.

Administration spokesmen said late Tuesday night the governor had not yet decided whether to follow Stahl's suggestions.

However, veteran political observers feel Lawrence will name an interim judge to the high court some time within the next two weeks.

JUDGE BOK DIED

The vacancy was created last May by the death of Justice Curtis Bok at his home near Philadelphia. Presently the six remaining members of the court are split evenly in political affiliation.

Lawrence is expected to name a Democrat. The appointee is also expected to be the Democratic candidate for the post in a special election for this fall to name a judge to a full 21-year term to the court.

An interim judge appointed by Lawrence could serve only until January.

The election is one of the reasons why Republicans have such an interest in the matter. Neither the Democrats nor the GOP have come up with a candidate for the judicial post. Lawrence's appointment could have a lot to do with their decisions.

GOP TO MEET

The GOP has called a special meeting for Aug. 11 to consider a candidate.

The governor previously indicated he would not fill the Bok vacancy. He changed his mind however after being informed that the court faces a great deal of work at its two remaining sessions — beginning Sept. 24 in Pittsburgh and Nov. 12 in Philadelphia.

Stahl was called in immediately to study the situation.

Noting that already there are 107 appeals facing the September session and 114 filed for the Philadelphia sitting, the attorney general recommended that Lawrence bring the court to its full complement.

The appeals include five or six murder cases, Stahl pointed out, and under Pennsylvania law, a 3-3 split decision by the court would have the effect of rejecting an appeal from a lower court.

The population of the United States is growing at a decreasing rate. The population increase during 1955 was 3,053,000 but only 2,978,000 in 1961.

GERMAN RED GOES TO U.S.S.R.

BERLIN (AP) — Walter Ulbricht, East German Communist chief, left for the Soviet Union Wednesday amid reports a new Berlin crisis may be gathering. It came after the disclosure Tuesday night a Soviet threat to shoot down a U.S. helicopter.

A brief report by ADN, the East German news agency, did not say whether he is bound for Moscow. Premier Khrushchev is believed to be on vacation in the Crimea. Maj. Gen. Albert Watson II, the U.S. commander in Berlin, protested Tuesday against the Soviet threat to shoot down the helicopter.

U.S. officials were playing down the helicopter threat, as they have since it was made on Monday. It was not disclosed until newsmen got wind of it Tuesday night. There has been no word from Communist sources.

ORVAL FAUBUS AND FULBRIGHT RENOMINATED

By JOHN R. STARR LITTLE ROCK, Ark. (AP) — Gov. Orval E. Faubus, soft-pedaling the integration issue which spread his name around the world, swept to an unpreceded fifth term in Arkansas' Democratic primary Tuesday.

Faubus, who in 1957-58 became a symbol of resistance to the U.S. Supreme Court's desegregation order, said his reelection proved a spirited but meaningless battle for second place among Faubus' five opponents.

FULBRIGHT WINS

Sen. J. William Fulbright easily won nomination to a fourth term over Winston Chandler, a Little Rock businessman.

Returns from 2,029 of 2,348 precincts gave Faubus 152,332 votes to 134,041 for the combined opposition. Alford got 57,450, McMath 55,817, businessman Vernon Whitten 14,636, attorney Kenneth Coffelt 4,409 and farmer David A. Cox 1,646.

Fulbright had 153,073 votes, Chandler 82,511 in 1,946 precincts.

An anticipated heavy vote failed to materialize. Although the Faubus victory trend was established early, he lost strength from 1960 when he polled 58.7 per cent of a record 407,183 votes.

All five opponents made the fifth term the overriding issue, warning that the threat of dictatorship was inherent in retaining Faubus.

Both Faubus and Fulbright will have Republican opposition in November, but Arkansas has not elected a Republican to a major office since Reconstruction.

How To Use Water To
END YOUR
CONSTIPATION
WORRIES

Here's how to get to the root of your constipation problem. Bring enough moisture to your lower colon every day. When food wastes are normally moistened, they will "move" as they should.

So do this. Take SERUTAN every day with plenty of water. SERUTAN is a pure vegetable gel that carries and holds water in your lower digestive tract to promote more normal regularity.

SERUTAN provides the proper moisture, bulk and peristaltic action to help keep you regular. This is utterly different from harsh chemical laxatives which may dry you out.

Get SERUTAN. Take as directed and enjoy daily regularity or money back from the maker.

FLOWER SHOW RULES AND EXHIBITORS

1. Competition is open to amateurs in all divisions.
2. Exhibits will be taken in Tuesday from 1 p.m. to 7 p.m. Any late entries will be marked "Not To Be Judged."
3. No exhibits may be handled by persons other than the committee after they have been placed in the flower building.
4. The Fair Officials will not be responsible for damage to containers or plants.
5. An exhibitor shall be limited to one entry in each class but may exhibit in any number of classes.
6. Plant material used in arrangements need not be grown by exhibitor.
7. Plant material on the Pennsylvania State Conservation List is not to be used in any exhibit (Arbutus, Ground Pine, Dogwood).
8. The word arrangement, composition and design are now considered synonymous, accessories may or may not be used as desired, stands and mats permitted in all classes unless otherwise stated. In other words all artistic entries will be classified as design entries.
9. Fresh cut plant material includes flowers, branches, foliage, fruits, vegetables and berries in living condition; artificial material is not acceptable in artistic classes.
10. All classes must have some fresh plant material, unless otherwise stated.
11. The length must not exceed 24 inches in the artistic design.
12. Arrangements must be made by the exhibitors.

THEME: "SHARING OUR GARDENS"

Class I

A vertical design of fresh plant material including some flowers.

Class II

A line mass using tints and tones of yellow. Other foliage permitted.

Class III

A mass arrangement using all fresh material.

Class IV

A modern design.

Class V

An arrangement featuring asters. Open only to those who have never entered a flower show or for those who never won a blue ribbon in a flower show.

Class VI

A design of foliage featuring fruit using all fresh material.

Class VII

A design using weathered wood or driftwood with some fresh material.

Class VIII

A composition using one or more accessories with harmonious plant material.

Class IX

A design using only dried or treated plant material.

Class X

A composition to commemorate the Civil War, one or more accessories permitted. Only fresh plant material allowed.

JUNIOR DIVISION

Class XI

A composition honoring the 50th anniversary of the Girl Scouts of America using a few yellow roses. Need not be the Girl Scout rose. (Ages 10 to 14, inclusive.)

Class XII

Vacation scene in a cigar box suggested by picture pasted inside lid such as camping, seashore, boat trip, etc. (Ages 7 to 9, inclusive.) Boys and girls.

All juniors must make their own arrangements.

Space allowed for each junior exhibit not to exceed twelve inches in width and fifteen inches in length.

FLOWERS

Basis for Judging

25%—size, according to species or variety.

25%—form, color and substance.

25%—foliage and stem.

25%—condition.

Suggestions to Exhibitors

All entries should meet the requirements of the class in which they are entered. If any doubt should arise the Committee should be consulted.

Specimen flowers should be selected first.

Flowers for the exhibits should be prepared by soaking in deep pails of cold water several hours previous to opening the show.

Buds, faded flowers or injured foliage should be removed in the specimen lower classes before staging.

Endeavor to use plenty of foliage of the flowers themselves.

All flowers in Flower Divisions, 1, 2, 3, 4, 5, and 6 will be judged by comparison and awarded 1st, 2nd and 3rd awards when there are three or more entries in a class.

Two entries in a class will be awarded 1st and 2nd and in classes with only one entry the award will be left to the discretion of the judge.

Each exhibitor may make up one entry per class.

Addition of foreign green will not be allowed in specimen entries. In addition to the classes listed below, a separate class will be made for any annual or perennial, if there are two or more entries in that class.

Stem lengths of specimens should be uniform lengths. Only one prize is allowed per person per class.

CONTEST SCORING COMMITTEE

Paul Benchoff, Chairman

Official Scoring of all contests will be done on Friday evening of the day of the judging. All teachers are to report to the Vo-Ag room of Biglerville High School at 7:30 sharp, to help with this work.

A suitable wall plaque will be given to the school winning the highest number of points in the entire contest. The tractor driving score will not be included in competition for the plaque.

These contests are sponsored by the South Mountain Fair Association in the interest of and for the educational value to the students enrolled in Vocational Agriculture in the high schools of Adams and Franklin Counties.

BETTE GETS DECISION ON TOP BILLING

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — Around the lots:

The massive sigh of relief came from the makers of "What Ever Happened to Baby Jane?" when Joan Crawford relinquished first billing to Bette Davis. "Bette has the bigger part and deserves it," said Joan, "but our names will be on the same line"....

My, how the girls are writing books this season—Bette, Joan, plus Marlene Dietrich, Olivia de Havilland. And upcoming, Debbie Reynolds.

Why is Mervyn Leroy using the Broadway cast for the film version of "Mary, Mary"? "Because I'm tired of trying to work with movie stars"....

namesakes (Tony, Janet) have split....

The Museum of Modern Art in New York is having a Howard Hawks festival, much deserved for the director who has turned out hits for 40 years but never won an Oscar....

Lots of folks talk about developing young movie talent, but Fred Zinnemann did something. He made an experimental short starring Richard Widmark and using bright film makers out of the universities....

Seeing "Irma La Douce" at the

Biltmore makes one wonder how Billy Wilder can turn it into a Shirley MacLaine-Jack Lemmon movie, especially since he plans to jettison the show's chief charm, its music....

WANTS WORK

Debbie Reynolds is anxious to go back to work now that she has lost her baby, she wants most to do "Unsinkable Molly Brown"....

The so-so business for "Road to Hong Kong" indicates it will be the last time Bing and Bob

CHARLTON, Mass. (AP) — A 14-year-old German shepherd is the receptionist at Dr. Terry Mills' pet infirmary.

Gertrude greets all animals brought to the infirmary for treatment.

Dr. Mills says, "It has a quieting effect when the patient sees Gertrude, obviously not being tortured, so relaxed."

"Gertrude definitely exerts a psychological influence," Dr. Mills added. "Some of her peace of mind rubs off on patients."

FABULOUS SCHACHT

FORT LAUDERDALE, Fla. (AP) — Al Schacht still wants to be known as the Clown Prince of Baseball. This is the 53rd spring

Schacht works out with the Yankees before games.

"I'm in pretty good shape for a 69-year-old guy," says Schacht who once won 17 straight games at \$4 a week and board in a summer league at Walton, N. Y.

Schacht will put on his act at a number of big league parks this year. He played in Cleveland, Kansas City, Detroit, Baltimore and Minneapolis-St. Paul last season.

In 1946 Schacht put up \$110,000 for a New York restaurant. Recently he turned down \$1,175,000.

Tax Cut Faces Difficult Road Ahead In Congress

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—Relax the tax?

For weeks Washington has been chewing on a bundle of questions about the idea of cutting taxes to help the economy.

Would it help? There's disagreement. Who should get it—lower income people or those in the higher brackets? Disagreement on that, too.

KENNEDY VIEW

Will President Kennedy recommend it? He has indicated he might decide about the middle of this month whether to ask an immediate cut or ask one later which would be effective next Jan. 1.

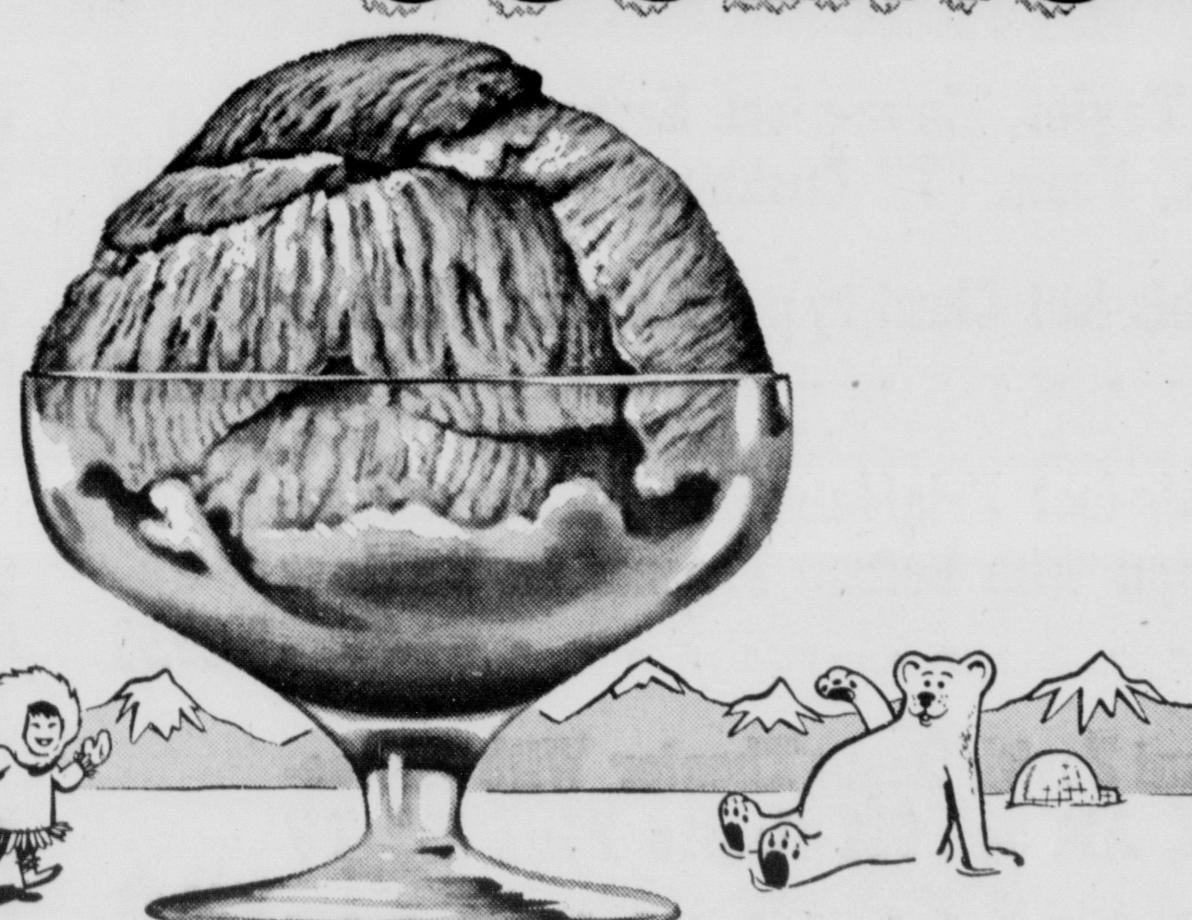

He said he'd have to wait on making up his mind until the economic indicators for July are in.

Even if Kennedy should recommend a cut, would Congress go along? At this moment Congress doesn't know.

KEY FIGURES

One thing is sure: If Kennedy

SHERBETS are COOLING

So Cooling! So Delicious!

Real fruits give Breyers sherbets a deeper, more satisfying flavor. These heat-quenching sherbets are flavored with the finest of fruits: Persian limes . . . Valencia oranges . . . Elberta peaches. All these superb fruits are carefully selected by Breyers for finest flavor. And Breyers skill makes these sherbets the greatest of summer satisfiers. Enjoy them soon. BOYLE'S
Grab Bag

By HAL BOYLE

NEW YORK (AP)—One of the daily miracles of our times is how a middle-aged man manages to get up and face life every morning — particularly on the mornings he has to go to work.

Young people bounce out of bed because they are full of zest and hope. Old people get up early because they can't sleep late anyway—and perhaps because they realize they don't have too many sunrises left to enjoy.

But when the alarm clock wakes a middle-aged man from a bad dream—it's usually one in which he is being chased by a bill collector astride a dragon—he just lies there whimpering. He feels like a tired clog in the drain-pipe of humanity.

WHY DO IT?

After all, he has arisen 10,000 times to face duty. What can make this quivering heap of jellied self-pity rise and do it again?

Here's what happens in the kind of home many of us may know: A spectral figure steps to the bedside of the middle-aged man and holds the noisy alarm clock silently before his shuddering face.

TYPICAL EXCUSE

"Call 'em at the office, and tell 'em I've got a summer cold, dropsy, neuritis, bursitis, inflammation of the esophagus, a pain in my chest—and a sore elbow," the man mutters feebly.

"You had all those things last month," says the wife.

"Do you want me to starve?" she asks dramatically.

THREAT WORK

He half-lifts himself to inquire, "How long would it take?"

The wife leaves and comes back holding up his trousers.

"If you don't get up this very minute," she says ominously, "you'll starve, too. After all, you've got 13 years, six months and four days to go to a pension. That isn't so long, is it?"

RISES GRUMBLING

Grumbling, hacking, wheezing and groaning, he knuckles the gum from his eyes and reaches down blindly with his feet, searching for his slippers.

One hour, one shower, one egg, a piece of toast and two cups of coffee later—after a final stirring five-minute lecture to his wife on the need of more stringent household economy—the middle-aged man stumbles out the front door.

The wife, yawning, creeps with a sense of victory back to the bedroom for another hour of sleep. After all, she has done her main chore—she has once again managed to get a middle-aged husband up to face the ordeal of the day.

The human race has passed another landmark in its long struggle toward the light.

Harland Dearborn
Rites On Saturday

TITUSVILLE, Pa. (AP)—Funeral services for Ned Harland Dearborn, former president of the National Safety Council, will be held Saturday afternoon in this Crawford County community.

Dearborn, 69, died Wednesday in Titusville Hospital after a lengthy illness.

He joined the council in 1942 as executive vice president and two years later was named president. He remained at that position until retirement in 1959.

A native of neighboring Conneautville, Dearborn had been a teacher and administrator at New York University and director of teacher training for the New York State Department of Education. He also had been director of the Erie-Crawford County School system.

Surviving is his widow.

START NEW PLANT

PITTSBURGH (AP)—Ground was broken Tuesday for a multi-million dollar Aluminum Co. of America (ALCOA) technical center in nearby Merwin.

More than a thousand scientists, technicians, engineers and other personnel are expected to be employed at the vast 2,300-acre center.

Construction is scheduled to start this fall. ALCOA hopes to begin operations within two years.
